Thru Channels:

Dear Ma'am,

Greetings!

I am respectfully submitting my reapplication as a part-time Instructor for the Department of Computer Studies and Automation. As proof of my academic qualifications, I have completed all the required academic units for my Master's degree in Information Technology at Angeles University Foundation and am currently engaged for my Capstone Project oral presentation on "Financial Management Information System Model for State Universities and Colleges."

Throughout my teaching career, I have successfully imparted knowledge in various subjects, such as System Integration and Architecture, Information Assurance and Security, Social and Professional Issues, Project Management, E-commerce, Network Design Management, Web Development and Practicum. To stay updated in the field of Computer Engineering and Information Technology, I have actively participated in training and seminars, particularly those addressing the latest advancements and trends in the industry. I firmly believe that I can make meaningful contributions to the growth and development of our students' learning.

One of my greatest teaching strengths is my ability to relate and connect with students, taking into account their unique needs and interests. As a result, I can facilitate their learning and help them become individuals with strong values and character.

Please find my resume and credentials attached for your review and consideration. I am deeply appreciative of your support and look forward to your positive response.

Sincerely,

LOUELLA G. GONZALES

GOODS
My only comment is our Ma'am is consistently helpful, always ready to assist students. She shows genuine concern for her students and excels at teaching them effectively.
No consideration
No Consideration
nothing
Over Time
She is fair and meaningful assesments that accurately measure student learning.
thank you
Thank you for guiding us ma'am!
Thank you Maam ðŸ˜Š
