DR. ARNOLD E. VELASCO
President
Tarlac State University

Dear **Dr. Velasco:**

Greetings from the Pampanga State Agricultural University!

Our University, through the Office of Innovation under the leadership of Dir. Walter L. Pacunana, wishes to extend its gratitude to Tarlac State University – Center for Food Technology and Research for accommodating our requests for a facility check of the cassava processing facility of our incubatees in Porac, Pampanga on June 25, 2024 and benchmarking activity on July 18, 2024.

At PSAU Sibul Technology Business Incubator, we believe that the goal of empowering our clientele to establish successful food processing startups would not come into fruition by our own. Hence, **our team requested a seminar on Basic Food Safety and Good Manufacturing Practices (GMPs) for our incubatees** in order to ensure the quality and safety of the food products that have been developed from their agricultural commodities. As an agreement between PSAU Sibul TBI and TSU CFTR, **the said seminar will be held on July 26, 2024 Calzadang Bayu, Porac, Pampanga at 9:00 AM.**

Knowing now how your team assists clients with their requests regarding registration and compliance to the mandated food safety regulatory certifications and standards, we are even more motivated and inspired to be in partnership with the Food and Drug Administration (FDA) in the future so we can achieve similar success.

Thank you very much more power.

Sincerely yours,

ANITA G. DAVID, Ed.D.
President
Pampanga State Agricultural University
