ANITA G. DAVID, Ed.D.
SUC President IV
This University

Dear Dr. David:

Blissful greetings!

We respectfully submit this request in relation to our ongoing Futures Thinking research project titled **"Assessment of Microbial Contaminants, Toxins, and Antibiotic Resistance in Locally Produced Dairy Milk in Pampanga: Implications for Public Health and Safety"**, which is being implemented from **April to December 2025.**

The faculty researchers from the College of Veterinary Medicine, currently on Teacher's Leave, have been actively engaged in the project during the mid-year/summer break. In line with institutional guidelines, we are rendering 32 to 40 hours of research work per month, supported by biometric logs.

Given our sustained commitment to this research endeavor, we respectfully request that the time rendered be converted into **service credits**, in addition to the monthly research honorarium.

The faculty members involved are as follows:

PSAU PRESIDENT'S OFFICE
