ANITA G. DAVID, Ed.D.
University President

THRU: **ARIANNE P. BARRIENTOS**
Secretary, RIET Council

Greetings from the Office of Innovation!

In line with the Memorandum of Agreement (MOA) signed between PSAU and PILMICO Animal Nutrition Corporation in January 2025, aims to conduct benchmarking studies on PILMICO's locally produced aquaculture feeds. The trial involves the launching and maintenance of an active trial population of milkfish and/or tilapia within PSAU's facilities. These trials will also serve as a platform to provide practical aquaculture training and education to PSAU students, thereby enhancing their learning through hands-on experience.

With this, **the undersigned respectfully requests the issuance of an Official Endorsement Letter from the Research, Innovation, Extension, and Training (RIET) Office of the university for the use of a portion of the PSAU Lagoon in support of the collaborative aquaculture feeds trial project between PILMICO and the PSAU-BFAR Hatchery.**

To facilitate the successful implementation of the project, **a 100-square-meter portion of the PSAU Lagoon is respectfully requested for use**. It is further assured that the requesting parties—PILMICO and the PSAU-BFAR Hatchery—will actively assist in maintaining the cleanliness and functionality of the lagoon throughout the duration of the project.

The office supports such initiative which recognizes the significance in promoting sustainable aquaculture research, industry collaboration, and student engagement in practical scientific work.

Thank you for your attention and support.
