PSAU PRESIDENT'S OFFICE RECEIVED 9:45 08/05 DATE MAGALANG PAMPANGA

Dear **Madam President**:

A pleasant day!

The Commission on Higher Education (CHED) has recently announced its acceptance for applicants for the *Scholarships for Instructors' Knowledge Advancement Program (SIKAP)* which aims to provide financial support for the teaching and non-teaching personnel of Higher Education Institutions (HEIs) in the country, particularly those who want to pursue their graduate studies. The deadline of application for the first batch is on August 04, 2025 and the second batch will be on September 08, 2025.

In relation to this, I would like to express my intent to pursue *Doctor in Business Administration (DBA)* or *Doctor of Philosophy in Business Administration (PhD-BA)* starting this 1st semester of academic year 2025 – 2026, and apply as a part-time scholar under the CHED SIKAP. I am planning to take any of the said programs in one of the universities in the region which is identified as a Delivering Higher Education Institution (DHEI). I am fully aware that the Agricultural Business program of our University has limited number of faculty, thus, my sincere intention of pursuing graduate studies while carrying out my duties and responsibilities as a faculty of the Department and the College. With these in mind, Ma'am, I am humbly seeking your support.

As a core faculty member of our Department, besides our primary mandate in delivering quality instruction to our students, along with my fellow faculty members, it is also my desire to be able to contribute in the overall development of the BS Agricultural Business program. I would like to enhance my research, management, and analytical skills which are crucial to become more effective especially in my field. Additionally, considering the evolving standards in higher education, I believe that taking the DBA or PhD-BA program is a practical step to achieve this goal.

In my two (2) years here at Pampanga State Agricultural University (PSAU), I have seen your compassion towards the faculty of the University that is why I am also one of the many faculty members who is grateful of all your support. Rest assured of my continued commitment in taking part through all the relevant activities in our Department, our College, and the University as a whole.

Thank you very much Ma'am and I am looking forward to hearing your positive response regarding this humble request. May our good Lord continue to bless your administration.

Sincerely,

MARIDEL S. GALICIA, MBA, R.Agr.
