Attention: **Dr. Gerald M. Salas**
Associate Professor V

Dear **Pres. David**:

We would like to extend our heartfelt gratitude to Pampanga State Agricultural University (PSAU) for its continued commitment to advancing science, innovation, and community resilience in the province.

In this spirit of collaboration, we are pleased to invite you to the Preparatory Meeting for the *Asia Science Mission Project: Mt. Pinatubo Region Resilience Escalator Strategy (MPRRES)*, in preparation for the planned site visits to selected municipalities in Pampanga, including Porac as the nearest strategic observation site to Mt. Pinatubo.

The preparatory meeting is being organized in partnership with the **Provincial Government of Pampanga through the Provincial Disaster Risk Reduction and Management Office (PDRRMO)**, in collaboration with **Future Earth Philippines** and representatives from the **International Science Council (ISC)**. It aims to align academic, scientific, policy, and community perspectives toward a coordinated regional science mission.

The Asia Science Mission (ASM) is aligned with the **3C SHIELD (Community-Centered Course on Strategic Hazard Interventions for Enhancing Local Development) Program** and serves as its field-based extension, promoting science-based hazard interventions and inclusive, community-centered resilience.

The meeting will be held on **Tuesday, January 20, 2026, at 9:00 AM** at the **PDRRM Training Center, Sindalan, City of San Fernando, Pampanga**. Discussions will focus on site visit coordination, institutional roles, and integration of mission outputs within the 3C SHIELD framework.

In this regard, we respectfully request the designation of your university's USAN focal person/s to represent **PSAU** in this initiative. Your participation will be vital in ensuring meaningful and impactful outcomes for the Mt. Pinatubo region.

We would appreciate receiving your confirmation on or before **January 16, 2026**. Our staff, Engr. Henry D. Serrano, will be closely coordinating with your office regarding this matter and may be reached using the contact information provided below.

We look forward to your active engagement in this important initiative.

Very truly yours,

MARY MICHELLE M. QUIAMBAO
Provincial S&T Director
