DR. ANITA G. DAVID
University President

Dear President David,

Warm greetings!

The undersigned respectfully requests the approval of your good office for the renovation of the Alumni Office building. This project will be funded by the PSAU-Federation of Alumni Associations officers as part of their 2025 programs and will be implemented by YCS Architectural Design.

The tentative start date of the renovation is within August 2025, provided that all items and materials from the Alumni Office have been fully removed. Once the office has been vacated, the contractor will begin installing the perimeter fencing and proceed with the renovation work.

In line with the upcoming renovation, I respectfully request your approval for the temporary relocation of the Alumni Office to an alternative location.

Thank you for your usual understanding, support and consideration. More power, and may God bless you always.

Sincerely,

Dr. MINNIE M. LIANGCO
Director, Alumni Relations and Placement
