Dear President David,

Mabuhay!

The Graduate School, in partnership with the Journal of Science, Innovation and Technology, will host a webinar entitled "Advancing Sustainable Growth: Innovative Approaches to Organic Agriculture Management" on January 17, 2026, via Zoom.

This event highlights sustainable practices and innovative strategies in organic farming, emphasizing soil health, nutrient management, weed control, and climate resilience. Drawing from cutting-edge research and practical insights from farmers, it features Dr. Prakash Murgeppa Bhuyar, an expert from Maejo University, Chiang Mai, Thailand. Aimed at graduate students, faculty, and local agricultural stakeholders, the webinar fosters international collaboration and advances PSAU's mandate in agricultural education and sustainable development.

We respectfully request your approval for this activity. Your endorsement will affirm PSAU's leadership in organic agriculture and strengthen our partnership with Maejo University. Additionally, we seek approval for the speaker's honorarium of Php 6,000.00.

Enclosed is the draft program outline for your reference. We appreciate your favorable consideration and continued support for Graduate School initiatives.

Very truly yours,

JASMIN S. VILLANUEVA, EdD, LPT
Dean, Graduate School

Noted:

RAFAEL R. RAFAEL, PhD
Dean, CASTech
