ANITA G. DAVID, Ed.D.
SUC President IV
This University

Dear **Madam**:

In compliance to Republic Act No. 11036, otherwise known as the Mental Health Act, and Civil Service Commission Memorandum Circular No. 1, series of 2026 on the Wellness Leave Policy, the Pampanga State Agricultural University (PSAU) Administration, as an academic institution, recognizes the importance of implementing proactive mental health initiatives that promote resilience, emotional balance, and a supportive workplace culture.

In today's increasingly demanding work environment, employees are exposed to various professional and personal stressors that may adversely affect their mental health, overall well-being, and work productivity.

In view of the foregoing, may we respectfully request approval for the conduct of a seminar entitled "Setting Up Roadblocks: Practical Interventions for Mental Health and Well-Being" for all PSAU employees, including Contract of Service (COS) personnel. The activity is proposed to be held on February 11, 2026 (Wednesday), 8:00 a.m., via the Zoom platform, with Ms. Cariñez D. Fajarito, Clinical Psychologist and Psychotherapist, as the seminar facilitator. Specifically, the conduct of this seminar seeks to achieve the following objectives:

1. **To raise awareness on mental health and well-being** by enhancing employees' understanding of common mental health concerns, workplace stressors, and their impact on personal and professional life.
2. **To provide practical interventions and coping strategies** that employees can apply in their daily routines to manage stress, set healthy boundaries, and maintain emotional well-being.
3. **To strengthen employees' resilience and self-care practices** by promoting positive habits, mindfulness, and adaptive responses to challenges in the workplace.
4. **To foster a supportive and mentally healthy work environment** by encouraging open communication, empathy, and collective responsibility toward mental health and well-being.
5. **To enhance overall employee productivity and job satisfaction** by addressing mental health concerns that may affect performance, engagement, and institutional effectiveness.

May we further request the issuance of an official Office Order to authorize the conduct of the seminar, participation of all employees (faculty, non-teaching, and COS personnel); and the assistance of MIS Office to provide the necessary technical support, including the creation and management of the Zoom meeting link.

Your continued support in advancing mental health and well-being in the workplace is deeply appreciated. Attached herewith is a copy of Dr. Fajarito's Curriculum Vitae and budgetary requirements. Thank you very much.

Very truly yours,

JOAN C. REYES
CAO/Director, Admin Services

Recommending Approval:

MINA LYN G. ALVIZ, MAEd.
Acting Vice-President for Administration and Finance

Fund 01 GASS Honoraria ₱5,000
